- Owner's Authorized Representative (OAR)
- Project Management (PM)

#### MAIN PROJECT ELEMENTS

- Construction and Paving of Parking Lot
- Installation of Bus Shelters and Toll Facilities
- Landscaping and Irrigation
- Installation of Parking Lot Lighting System

## ORLANDO INTERNATIONAL AIRPORT BP-S009, Satellite Parking Lot Red

The project consisted of the construction of a 41-acre surface parking lot for approximately 3,000 parking spaces at the Orlando International Airport. The project also included a retention pond, 4 bus shelters, 2 parking toll facilities, landscaping, irrigation and lighting.

An overflow parking area, for 1,100 additional vehicles, was also built as part of this project. The overflow lot consisted of paved driving lanes with parking surfaces constructed of sod on top of geotextile-stabilized subgrade soil.

**CONSTRUCTION COST: \$6,400,000**  
**COMPLETION DATE: MARCH 2001**
